## Kansas NEA Candidate Recommendation: Margie Wakefield

For Immediate Release

August 19, 2014

**Topeka-** Today, KNEA is proud to announce the recommendation of Margie Wakefield for Congress. Wakefield is running for the United States House of Representatives, for Kansas' 2nd District.

As public education remains a key topic in Kansas, Margie Wakefield's position on education issues make her a clear choice. **KNEA President Mark Farr recently commented on Wakefield's education platform, "Margie Wakefield has an infectious energy for tackling difficult issues while leaning on the expertise and experience of educators, parents, and citizens who are the true stakeholders ensuring a quality public school experience for every Kansas child."**

Wakefield's education platform positions can be found here: <http://wakefieldforkansas.com/about-margie>

KNEA recommends candidates based upon a member-driven process of interviewing and vetting candidates through KPAC (Kansas NEA Political Action Committee).
